

AVIM&O offers:

Multi-specialty referral environment

We share all three of our locations with other specialists, including emergency/critical care, radiation oncology, surgery, advanced imaging, neurology and cardiology.

Updated facilities

All of our locations are housed within hospitals that are less than 10 years old. In 2023, our Towson location will relocate to a new 48,000sf building.

Advanced technology

All of our locations have new or update ultrasound machines, endoscopy equipment and advanced imaging (CT and/or MRI)

Education program

We have a specialty internship program and offer in-house, RACE-approved continuing education.

AVIM&O is actively seeking medical oncologists for all of our Maryland locations.
